**Travel to Vilnius**

It is possible to arrive to the city by land and air connections.

The best solution is to come to Vilnius International Airport <http://www.vilnius-airport.lt/en/>

Known Scandinavian (SAS, Finnair, Norwegian Air) as well as cheap flight companies (RyanAir, WizzAir, AirBaltic), etc. are operating in the airport.

If you come to Vilnius airport, taxis are in general rather expensive, especially if you pick up an airport taxi (from Vilnius airport to the center it may cost approx. 10-15 euros), thus you may also use an airport train, which takes 7 minutes to the main Train station (located next to Bus station).

For more options, please see: <http://www.vilnius-airport.lt/en/planning-a-trip/how-to-reach/train-bus/>
